Grow as a professional! We offer a great environment to use all the skills you have today while exploring new areas of professional growth. At our clinics, you become an important member of our community's commitment to high quality care provided close to home.

### **Urbana Family Medical Clinic | Urbana, Iowa**

**CMA:** Great job perks full-time hours Monday-Friday with occasional Saturday AM (only 3-4 per year) and every Thursday afternoon off. No holidays! An opportunity to develop relationships with both patients and staff in a well-established family health clinic. Previous clinical experience preferred but not required.

### **Vinton Family Medical Clinic | Vinton, Iowa**

**CMA:** Full-time Monday-Friday with occasional Saturday AM (only 3-4 per year). No Holidays. Previous clinical experience preferred but not required. This is an opportunity to develop relationships with both patients and staff in a well-established family health clinic.

**PSYCHIATRIC CMA:** Full-time Monday-Friday with occasional Saturday AM (only 3-4 per year.) No Holidays. This new clinic position will work with our psychiatric ARNP to maintain a safe, warm and healing environment for patients throughout their experience with the clinic.

**For additional details or to submit your information and begin the application process as well as explore nursing opportunities at all of our facilities, please visit: [NursingAtVirginiaGayHospital.com](http://NursingAtVirginiaGayHospital.com)**

### **About Virginia Gay:**

Vinton offers the best of small town living with convenient opportunities to engage with larger communities nearby. Iowa City, home of the Hawkeyes, is just 60 miles away. Cedar Rapids, and Waterloo, are both just 30 miles away. With only four hours to Minneapolis, Omaha, or Kansas City, and only 4.5 hours to Chicago, a weekend away doesn't have to be devoted to travel.

Virginia Gay Hospital is the community's largest employer and provides a wide array of services, diagnostic testing, and clinical expertise (Acute Care (inpatient), Emergency Medicine, Home Health, Imaging Services, Laboratory, Nursing and Rehabilitation, Respiratory Therapy, Sleep Studies, Surgical Services and Therapy Services). As a leader in rural healthcare and specializing in family medicine Virginia Gay Hospital and Clinics serves families in the greater Benton County, Iowa with family medical clinics in Atkins (SE Benton Co.), Van Horne (SW Benton Co.), Urbana (NE Benton Co.) and in Vinton. Founded with a gift from Virginia Walcutt-Gay in 1914, the hospital has been able to maintain independence because of the generous support from the community.
